

# Academy Garden Club Thymes

A NEWSLETTER FOR THE MEMBERS OF THE ACADEMY GARDEN CLUB OF LENOX

**MARCH 2025**

Hello Ladies!

The cold weather has continued. Hopefully you have all stayed warm and that the weather will steadily become warmer.

**11th March at 6pm**

Lenox Community Center

**Hostesses:** Lynn Schmitter and Carol Way

**Program:** Four Generations in the Berkshires

**Presenter:** Sarah Hatch

The Agenda for our March meeting is:

- Approval of Emailed minutes and Treasurer's Reports (February)
- Past Presidents
- 28 March Trip to the Capital Region Flower Show and Expo

**PLEASE BRING A DONATION OF FOOD FOR OUR FOOD PANTRY**

Thank-you to Deb Carter who led a very enjoyable paper flower making workshop in February, and to our hostesses for a lovely Valentine themed spread.

Dianne Romeo has spent many, many months putting together the list of all our past presidents back to the start of our Club.

All the information came from talking to past presidents and a bit of help from Amy Lafave, town historian, and our past year books.

I will post this, together with an explanation of the history of our Club, also provided by Dianne, on our website early March when I am back from vacation. THANK-YOU Dianne!

Our March trips are:

**March 5<sup>th</sup>, Wednesday**, visit Smith College Spring Bulb Show. We leave Lenox at 10am. (This Newsletter may reach you after this trip has taken place).

**March 28<sup>th</sup>, Friday**, The Capital Region Flower & Garden Expo in Troy at the Hudson Valley Community College. Non-refundable tickets can be bought ahead of time on-line for \$14 – a discount of \$3.

We need some members willing to drive to these events. We will have lunch out on these trips.

Jan Chague, Linda Goff and Sharon Walker have designed our Post Office Window for March. Please drop by to admire their lovely work. And thanks to Peg Ammendola for lending her beautiful self-painted bird houses.

The BBG Annual Bulb Show - a celebration of beauty, renewal, and the magic of nature's rhythms – is from Feb. 21 to approximately March 23, in the Fitzpatrick Conservatory, open daily between 9 a.m. and 4 p.m., and it is free. Experience a spectacular preview of spring - a warm, enchanting escape in the depths of winter. This show features hundreds of flowering bulbs, including classic favorites like tulips, daffodils, and grape hyacinths, as well as lesser-known varieties.

**Best Wishes to you all,**

**Jill Dore, President**  
**413-770-7837**
